

Srianish Rameshwaran

AI/ML Engineer

+91 9842926669 | srianish15@gmail.com | Salem, India

Portfolio | GitHub | LinkedIn

Summary

AI/ML engineer with experience in machine learning, LLM applications, and RAG systems. Skilled in Ollama and Groq deployments, vector databases (FAISS, Supabase), API pipelines, and full-stack development with React, Node.js, and FastAPI.

Skills

- **Languages:** Python, JavaScript, TypeScript, SQL
- **ML/AI:** LangChain, LangGraph, TensorFlow, Keras, Scikit-Learn, RAG, LLM Inference
- **Web:** FastAPI, React, Express, Node.js
- **Databases:** MongoDB, Supabase (Vector DB), SQLite
- **Tools:** Git, Docker, Postman
- **Platforms:** HuggingFace, OpenAI, Groq, Ollama

Experience

- **ActuallyFair** Aug 2025 – Sep 2025
Agentic AI Intern
 - Built agent workflows in n8n to automate marketing and operations tasks.
 - Developed AI-assisted UGC ad generation flows using internal product data.
 - Created image enhancement pipelines using Gemini API.
 - Improved workflows supporting a direct-to-consumer model.
- **Generative AI Consortium** Nov 2024 – Apr 2025
Data Analyst Intern
 - Built classification and clustering models using Scikit-Learn, TensorFlow, and Keras.
 - Performed exploratory data analysis for trends and anomalies.
 - Supported preprocessing and evaluation for downstream ML systems.

Projects

- **AI Academic Research Assistant (LLM + RAG + Streamlit)**
 - Built a research assistant for retrieving and comparing scientific papers.
 - Implemented LangChain RAG with Semantic Scholar API, FAISS, and Groq inference.
 - Enabled literature Q&A and citation-aware summaries.
- **Olfactive Echo — LLM Recommendation Chatbot**
 - Developed fragrance recommendation chatbot using LangGraph + LLaMA.
 - Used Supabase Vector DB for embeddings and built full-stack ecommerce platform.
 - Implemented onboarding and recommendation pipelines.
- **ReditSummon — Reddit Summarizer**
 - Generated structured summaries and sentiment insights from Reddit threads.
 - Built context-aware summarization using PRAW, LangChain, and Ollama.

Education

- **Kongu Engineering College** 2023 – Present
B.Tech in Artificial Intelligence and Machine Learning (CGPA: 8.46) Perundurai, India
- **Vidyaa Vikas International School** 2023
Higher Secondary (CBSE) – 90%

Certifications

- Machine Learning — Andrew Ng (Coursera)
